EDUCATION

Higher Studies
Carmel High School

04/2008 - 05/2022   *Patna , India*

Courses
- PCM

Bachelor Of Studies
SRM Institute of Technology

07/2022 - Present   *Chennai, India*

Courses
- Computer science and engineering

WORK EXPERIENCE

Research and development Member
Newton School Coding Club SRMIST CHENNAI

09/2023 - Present   *chennai*
SRM TECH Club

Member
SRM HACKATHON

07/2023 - Present   *chennai*
TECH TEAM OF SRM

SKILLS

javascript   Skill

PERSONAL PROJECTS

Research paper on cryptography using Machine Learning (08/2023 - Present)
- Cryptography-based machine learning safeguards financial data, detecting fraud and assessing risks while preserving privacy. It also enhances personalized services without invading your personal life. Whether it's finance, health, or entertainment, it ensures data security and improves the world.

Quantify (08/2023 - 08/2023)
- Welcome to Quantify , your ultimate destination for a cutting-edge music playlist experience . Quantify redefines the way you enjoy and curate your favorite's tunes . We used HTML, CSS, and JavaScript.

Routing Algorithm for Safest Travel (04/2023 - 05/2023)
- The Smart Routing is a software project that provides users a safe and secure route to travel from point A to B , taking into account the regional crime data and historical crime reports.

CERTIFICATES

Code Fest (07/2023 - 07/2023)
Grand coding contest at SRM University

QUANTATHON (08/2023 - 08/2023)
24 hours Hackathon
